Dear Patty,

Please pass along our thanks to all those at IndyFeral for all of the services they provide to the cats and kittens that live behind the Waters of Indianapolis. The spaying, neutering and other services provided to the cats was a life saver for a few of them. Without your services we would not have been able to allow them to make their home behind the facility.

Please let your staff know that being able to watch the cats out of the dining room window brings great pleasure to our residents. They enjoy them throughout the day. It never fails to amaze the staff the hours of enjoyment the residents have just watching them. They have names for all of the cats and know who belongs to who.

Again, please accept the thanks of the residents, entire staff and myself for the services provided to our feline neighbors.

Sincerely,

Bill Scheller CEO
